

4.5" Dia. X 25.75" High

### NB11 PATHWAY

- 20W Light Engine, 3K, 4K, 5K LED
- Cast Aluminum IP65 Wet Location
- Asymmetric Pathway Illumination

4.5" Dia. X 43.25" High

### B11 BOLLARD

- 20W Light Engine, 3K, 4K, 5K LED
- Cast Aluminum IP65 Wet Location
- Fully Shielded Walkway Distribution

4.5" Dia. X 8', 10', 12' High

### B11T LIGHT COLUMN

- Single or Twin 20W Light Engines, 3K, 4K, 5K LED
- Twin Light Engines on Same Side or at 180°
- Cast Aluminum Heavy Duty Anchor Base with Cover

The B11 family of architecturally styled Pathway, Bollard and Light Columns offers a unique contoured form factor to provide Designers with scaled design elements for exterior pedestrian spaces. The fully shielded 20W light engine has optics to eliminate LED source glare. Ideal for building plazas, walkway illumination and architectural accents to denote building entrances and points of interest.
