

LEDicated

The 12-foot DuraLED Sculptor Light Columns provide Architects and Designers with a unique element for accenting outdoor spaces and directing pedestrian flow. An optional low-glare SoftLED LumaLens offers soft, uniform lighting. Ideal for use in retail centers, schools and universities, public transit, parks, and plazas. The Light Columns are part of the Sculptor family of area lighting, including post tops, bollards, and wall sconces.

- Durable extruded aluminum housing is finished with a weather-resistant textured powdercoat finish for years of service.
- Type V optical distribution.
- Vandal-resistant, UV-stabilized polycarbonate lens protects internal components.
- 16-25 watt DuraLED arrays provide up to 3,320 delivered lumens.
- Available in 3000K, 4000K and 5000K CCT.
- A heavy-duty cast aluminum clamshell base cover hides mounting hardware and is finished with the same durable powdercoat finish.
